EDUCATION

- Government Engineering College, Ajmer** Rajasthan, India
Bachelor of Technology - Computer Science;
Courses: Operating Systems, Data Structures, Artificial Intelligence, Machine Learning, Databases. 2023 - 2027

SKILLS SUMMARY

- Languages:** Python, C++, Java, JavaScript, SQL, Bash
- Frameworks/Libraries:** Flask, TensorFlow, Node.js
- Backend/Databases:** Firebase, Supabase, MySQL, SQLite
- Tools:** Git, GitHub, VS Code, Android Studio
- Platforms:** [LeetCode](#), [TryHackMe](#), [HackerRank](#), [GeeksforGeeks](#)

EXPERIENCE

- Intern — Data Science & Artificial Intelligence** IIT Jammu
Summer School 2026 — In collaboration with Techble & I3C - IIT Jammu June - Aug 2026
 - Program:** Developed practical expertise in Data Science and Artificial Intelligence through an intensive Summer School at IIT Jammu, gaining exposure to real-world applications and data-driven problem solving.
 - Experience:** Gained essential skills and practical exposure in Data Science and Artificial Intelligence through the internship program.
- Intern — Python Developer, StaxTech** Remote
Student Developer (Full-time) July 2025
 - Project:** Developed Calculator and Password Generator desktop applications using Python and Tkinter with graphical user interfaces.
 - Experience:** Gained hands-on experience in GUI application development and Python programming best practices.

PROJECTS

- AI Document Q&A Platform (RAG-based):** Built an AI-powered document chat platform allowing users to upload PDFs and ask questions using RAG pipeline.
 - Implemented document embeddings and vector search using Pinecone
 - Designed React real-time chat UI with streaming responses
 - Added multi-document support and source citation for accurate answers
 - Optimized chunking, embedding, and retrieval for improved response quality
- Student Result Management System:** Built a full-featured desktop GUI application using Python and Tkinter to manage student marks and results with a two-panel interface.
 - Implemented complete CRUD operations (Add, Edit, Delete, Search) backed by SQLite database
 - Automated grade calculation (A+ to F) and percentage computation
 - Added color-coded result display and live stats (topper, average score, total students)

ACHIEVEMENTS

- Microsoft Learn Student Ambassador 2026** [Profile](#)
- Google Developer Profile** [Link](#) & **Credly Profile** [Link](#)
- Certifications**
 - Data Science & Artificial Intelligence (IIT Jammu)
 - Microsoft Applied Skills: Generate Reports with AI Research Agents – [Microsoft](#)
 - Generative AI Certificate – Oracle
 - Gemini for Google Workspace – Google
 - Gen AI Academy 2.0 – [Google Cloud](#), [Hack2skill](#)

VOLUNTEER EXPERIENCE

- Microsoft Learn Student Ambassador (MLSA)** Remote
Selected as Microsoft Learn Student Ambassador and contributing to student developer community Apr 2026 - Present
 - Organizing technical sessions, workshops, and community events
 - Helping students learn Microsoft technologies like Azure, AI, and Cloud
 - Contributed to building an active student developer community

- Campus Ambassador — BECon 26, IIT Delhi** New Delhi
Represented BECon 26 as Campus Ambassador and promoted the event among students. Dec 2025 - Jan 2026
 - Participated in BECon 26 at IIT Delhi and gained insights on entrepreneurship, leadership, and innovation
 - Collaborated with Entrepreneurship Development Cell, IIT Delhi for event outreach
- Campus Mantri — GeeksforGeeks** Engineering College Ajmer
GeeksforGeeks Campus Program 2026
